## //Mission & Goals

The mission of Education to Employment (E2E) Partners is to promote a seamless education continuum for all learnings - prekindergarten through post-secondary education - that ensures college and career readiness.

- ✓ All children enter kindergarten with skills they need to be a successful student.
- ✓ Through the P-16 system, overall student performance improves and achievement gaps are eliminated.
- ✓ All students graduate college or career ready.
- ✓ Coastal Bend families, organizations, and business collaborate on and promote educational success, resulting in a thriving economy.

*"Employer demand for middle skill and higher level jobs will substantially increase in the coming years. It is clear that a high school education alone will not be sufficient to land most of those jobs... Properly educating and equipping our present and future workforce to meet employer needs is essential to Texas' ability to compete in the global economy and vital to our continued growth and prosperity as a state. We believe that aligning and integrating education and workforce development must occur to ensure we meet the needs of Texas employers."*
